Developer's school payment eliminated

Here's one tax rate that will go down next year

Good news for property owners in the Antioch Grade School District (#34) and Antioch Community High School District (#117): at least part of your tax bill in 1975 will be lower!

Sam Kohr and Ken Wierschem, Business Managers for the two districts, received word last week that the districts will receive grants under the Illinois Capital Assistance Program. Both will receive the full amount for which they are qualified: \$48,732 to the Grade School district and \$64,178 to the High School district.

As reported in the ANTIOCH NEWS on January 9, the Capital Assistance Program was enacted last year by the State legislature to help school districts finance new construction or pay off the bonds on recently completed construction.

Under the program, the State will pay about one-fourth of the annual principal and interest due on the bonds issued to construct the upper

Young's ask Zoning Board revote

The Young zoning case is still alive and apparently will not be settled for at least two more weeks and quite possibly longer.

Acting through their attorney, Ken Clark, the Young's asked the Village trustees Monday night to send the petition back to the Zoning Board of Appeals for another vote.

The petition, which seeks multiple-family zoning for property on North Main Street, received three favorable votes and two negative votes from the Zoning Board a week ago. One of the "No" votes came from chairman Grant Spong. However, since the Board's by-laws require a vote of four members in order to recommend any rezoning, it had to be reported to the Village Board as a recommendation to deny the petition.

Clark pointed out this situation and stated that one of the Zoning Board members who was absent from the meeting when the vote was taken, had on previous occasions, "argued rather vehemently in our favor."

"All we're asking is simple

fairness," Clark told the trustees. "There were three members who voted in favor of the petition. If all six Board members vote, I think we would get a favorable recommendation."

Mayor Robert Wilton argued against returning the petition to the Zoning Board, saying, "I don't think this has ever been done before for a reason such as this. In fairness to other petitioners for rezoning, it should not be done in this case."

"Even though it has never been done before," asserted Trustee Mike Haley, "we have a unique situation here," (having a 3 to 1 favorable vote, yet recommending denial). Haley continued to press the point that if the Young's did not mind waiting a few more weeks for a decision, "then why should we deny them that request? Do we have any reason for not sending it back," he asked his fellow trustees?

"You'd better be ready for a

Continued on Page 2

In a move which surprised almost everyone except themselves, the Village Board of Trustees voted Monday night to eliminate the requirement that the developers of the Curnes property make a payment of \$150 per unit for the benefit of the Antioch schools.

In place of that requirement, the trustees substituted a payment of \$50 per unit to the Village to defray the added cost of fire protection to the project.

Trustee Bill Seemann cast the only dissenting vote.

The move came in the process of amending the Special Use ordinance approved a year ago, which allowed the Arbor Limited developer to build their 220 unit project on the site east of Anita Avenue and north of Depot Street.

The trustees then approved the final text of an agreement between the Village and the developers governing the specifics of the project. Seemann also cast a "No" vote on that motion.

Several persons present at the Board meeting said they were caught totally by surprise by the elimination of the payment for the schools. Asked why they did not say anything in opposition, the observers said that when that section of the amendment was read, they expected there would be a general uproar of opposition. Instead, they said, it seemed that everyone was expecting everyone else to speak out. In the absence of anyone saying anything, the trustees made

and passed the motions.

Reached by telephone Tuesday morning, Antioch Grade School Superintendent Henry Meyer said that he knew nothing of the change. The schools, he said, were not informed that anything was under consideration concerning the payments.

"In terms of our total indebtedness, it's only a drop in the bucket, but every drop counts," Meyer stated.

The original Special Use ordinance was approved about a year ago, pending an agreement between the developer and the Village outlining the specifics of the project. That Special Use ordinance specified the payment of \$150 per unit, upon the issuance of an occupancy permit, for the benefit of the schools.

The final agreement and the amendment to the Special Use ordinance were hashed out in a special meeting between the developers and the trustees March 21.

"It doesn't sound kosher to have done this without any notice to the schools, but they're in the driver's seat," Superintendent Meyer commented.

In reading the amendment, Village Attorney Andrew Lynch indicated that, because of added improvements that the developer had to pay for (for example, an alternate power source for the Depot St. lift station), the Arbor Ltd. representatives had said that it was prohibitive for them to

Trustees raise water and sewer tap-on fees

It's going to cost more to tap-on to the Village water service and to connect to the sewer lines. Village trustees approved higher rates Monday night.

The water line tap-on fee under the new ordinance begins at \$200 for a 3/4-inch tap for a user within the Village limits, ranging up to \$375 for a 2 1/2-inch tap. Each additional unit served on multiple-use projects will add \$100 to the charge.

The tap-on fee had been \$75 for each unit served.

For a sewerage-use permit, the fee will now be \$200 for a residential use, \$250 for a commercial use, and \$375 for an industrial use. Again, each additional unit served will cost \$100 more.

The sewerage-use permit fee had been \$75 for each unit served.

For users who are outside the Village limits, the ordinance allows the Village Board to set fees for each specific connection.

Harold Warren of the bonding firm Benjamin and Lang, who devised the schedule of charges, told the trustees that this latter provision does not require the Village to extend water and sewer service to users outside the Village. Rather, he said, it gives them the discretion to do so, if they consider the potential use advantageous to the Village. He advised the trustees that they could require such users to annex as soon as their property becomes contiguous to the Village.

Warren also distinguished, for the trustees between the tap-on and use permit fees and

the water and sewer connection charges. These latter charges, he said, are a pro-rated share of the cost of extending water and sewer lines to serve new users. They would be paid by owners of property benefitting from new water and sewer line extensions.

Trustee Bill Seemann pointed out that, while the fees for the first water tap-on or sewer-use permit on any given property go into the general Water and Sewer Fund, all additional tap-on and use permit fees and all connection charges will go into the Sewer Extension and Improvement Fund, to finance needed future expansions of the treatment plant and water and sewer lines.

Village Clerk Marilyn Sterbenz stated that even with the new rates Antioch still has one of the lowest schedules of charges for such connections among surrounding villages and towns.

Young's ask Zoning Board revoke

Continued from Page 1

lot of meetings in the future, then," Trustee Bill Seemann warned. If this petition were sent back to the Zoning Board, or if the trustees set up a special committee to review the case, Seemann suggested, a precedent would be set for all future zoning requests.

After an extended discussion, Trustee Irv Walsh withdrew his motion to receive the recommendation as written and place it on file. Haley then moved to send it back to the Zoning Board, and the trustees all concurred.

Ed Voss new chairman of First National Bank Directors

Edmund F. Vos of Antioch, president of the Lake Villa Lumber Co. and former owner of the Antioch Lumber and Coal Co., is the new Chairman

of the Board of Directors of the First National Bank of Antioch.

Vos succeeds Russell E. Barnstable, Chairman since

1969, who retired from that position. Barnstable will continue as a member of the Board, on which he has served since 1939. He was the third president of the bank from 1956 until 1969.

Vos has been an Antioch resident since 1921, moving here from Burlington, Wisconsin, four years before he and his brother purchased the Antioch Lumber and Coal Co. He is a charter member and was the first president of the Antioch Lions Club. He served on the Village Board for 15 years and is a member of the Antioch Chamber of Commerce and Industry, the Moose Club and the Knights of Columbus. He has served on the board of the Lake County Public Water District since its formation in 1951.

Mr. Vos was elected to membership on the Board of Directors of the First National Bank in 1937.

He and his wife, Louise, were married in 1929 and have one daughter, Luisa, who is married. They are members of St. Peter's parish in Antioch.

ED VOS

Here's one tax rate that will go down

Continued from Page 1

grade building. The high school will have approximately the same share of the bonds issued for the 1970 additions and for additional Life-Safety work paid by the State.

Since these bond payments are automatic, the County Clerk usually computes the required tax rate and adds it directly to everyone's tax bills. When the Capital Assistance grants are received, the Clerk will reduce the applicable tax rate to raise only the remaining amount needed. This will result in a decrease in this part of the property tax bills; though, of course, school bond retirement is only one part of the entire property tax picture.

Wierschem estimated that the reduction for taxpayers in the high school district will be about 7 cents per \$100 assessed valuation. Based on the total assessed valuation of the grade

school district, the reduction would be about 9 cents per \$100.

For an average homeowner, this will mean a decrease in property taxes next year of \$7 to \$10 attributable to the high school and \$8 and \$12 attributable to the grade school.

The grants will provide no additional revenue to the schools, but will merely change the source from which part of the bond retirement funds are received.

While the grants have been approved by the Office of the Superintendent of Public Instruction, school officials are waiting for Governor Walker to authorize actual disbursement of the funds. Wierschem said that no problem is foreseen in this regard.

Capital Assistance Debt Service grants throughout the entire State totalled about \$12 million, Wierschem reported.

CARE OF DOGS

When bringing a new pup into the home, it is advisable to have an area prepared for him. Place several layers of newspapers on the floor in the area of confinement. Secure a pet bed from a pet shop or use a cut-down corrugated box with necessary bedding material. Supply him food and water; then leave him alone to adjust. Check on him occasionally, giving him pats of reassurance. Within a few days he should be ready to accept your household as his domain.

For Housebreaking (paper training) it will be necessary to keep a definite area covered with newspapers for your pup to use. It is advisable to leave a small piece of soiled sheet remaining on top of the pile after each use. This will help the dog to eliminate in the same spot. For this same reason always clean up accidentally soiled areas thoroughly. First thing each morning, last at night and after each meal place the pup on the papers.

When an accident occurs reprimand him (show him the spot) and place him on the papers. If he is caught in the act, so much the better. Eventually he will understand and begin using the papers exclusively. When this happens praise him highly.

Training: It is seldom necessary to strike your dog. Harsh words and words of praise are easily detectable to your pet. He is desirous to please you and will do so when he understands. In all training remember that patience and repetition will eventually accomplish the job.

Feeding: Four meals per day until 6 months, 2 meals per day until mature. Mature dogs should be fed once per day. Select a reliable basic food either dry or moist.

A QUESTION OF JUDGEMENT

While we do not always agree with the decisions of our Village trustees, we generally do not comment on particular actions. Two decisions made at Monday night's meeting, however, prompt us to question the judgement of the officials.

You will find on page one of this paper stories about the elimination of the \$150 per unit payment from the Arbor Ltd. developers for the schools and the decision to send the Young zoning petition back to the Zoning Board. The facts of the matters are presented there; our comment is here.

There was much concern generated last year about the effect of large developments on the schools. In the heat of that argument, the Board and Arbor Ltd. agreed to the payments in question.

We do not necessarily agree with putting such a requirement on developers that is not put on individual builders. However, the appearances of changing this requirement now and the judgement to go through with that change without any advance notice to the schools are questionable.

Some will argue that the Village could not be assured of actually getting those payments for the schools. In the same light, we fail to see how the payments for fire protection will come with any greater guarantee.

It is also very difficult to believe that a payment for the schools which would have totalled no more than \$33,300 would have been a unbearable burden on a developer of a 220-unit, multi-million dollar project.

We also question the practical benefit of sending the Young petition back to the Zoning Board because all the members of that body were not present for the original vote.

Whether the two absent members vote in favor of the rezoning is not going to change the facts of the case that the trustees should be well-aware of already.

Moreover, most of the trustees will likely not be present at the Zoning Board re-meeting anyway. All they will get from it, then, will be a different set of numbers.

In the final analysis, does it make that much difference to the trustees whether the Zoning Board votes 3-1, 3-2, 4-1, 5-1, or 5-2?

The trustees still have to make up their own minds!

Rule of Confidentiality

Congressman Robert McClory (R-13th Dist., Ill.) 2nd Ranking Republican Member on the House Judiciary Committee, today recommended that the Committee's Rule of Confidentiality should be revised to permit a representative for the President in the person of the President's Counsel, James St. Clair, or such other person as he may designate to review tapes relating to the pending impeachment inquiry delivered by the White House, the Watergate Grand Jury and from the Special Prosecutor.

Congressman McClory declared: "Permitting the President's representative to participate in the confidential screening of sensitive tapes containing recorded conversations of the President and staff aides which may touch on questions of national security and possible diplomatic confidentiality would seem entirely appropriate - and fair."

McClory added: "I would hope that with the adoption of such an amendment the President and his Counsel would deliver forthwith to the House Judiciary Committee the 42 additional tapes requested by our House Judiciary Committee in Mr. Doar's letter of February 25 - and which the Counsel for the President has so far refused to make available to the Committee."

Congressman McClory added: "It would be my hope that by expanding this Rule of Confidentiality to assure representation by the President at the screening of all such taped materials the President would support immediate compliance with the request of the Committee for the additional tapes in question. This, indeed, would evidence the kind of cooperation which would seem to me to be most helpful to the President and to the Committee in effecting an early resolution of the entire impeachment inquiry."

Where was help?

Gentlemen:

On March 26, 1974 at or about 10:15 p.m., my son sustained a head injury within our home which required immediate medical attention. Visible signs of heavy bleeding from his head and no co-ordination of the body prompted my wife to call for a doctor.

Our family physician is Dr. Abderholden of the Orchard Medical Center, therefore my wife called their number. She was told by the answering service Dr. Lorang was on call, however, he would not come to the Center because "He was detained". At this time I was trying to stop my son's head from bleeding and told my wife to call back in order that I may talk to the doctor. I asked the answering service to please get in touch with Dr. Abderholden for me, as this was an emergency. She stated she could not do so, as "Dr. Abderholden was not on call". I told her I have been a patient of Dr. Abderholden ever since he came to our community, and if she would please call him, I felt sure he would make the effort to see my son. She however refused to do so.

I then called the Antioch Clinic phone number and received the same answering service. I told her she already knew my problem and to please see if one of the doctor's would look at my son. She told me "they usually will not come out at night unless you are one of their patients". I told her to please call anyway as this was an emergency. She finally placed a call, or gave me that impression, as I was placed on hold. She reported back stating no doctors were available and she didn't know when any of them would return. She advised that I take my son to a hospital in Waukegan.

By this time, my wife had become in a faint condition, my son still bleeding, and I called in desperation to a friend of ours who I knew lived a few doors from another community doctor. She went to his home and explained our problem and asked for his

assistance. He informed her he did not have his bag or any medical equipment at home and suggested I apply pressure to the wound and take my son to a hospital.

I at that time had to assist my wife to my car and carry my son as well, and drove a distance of eighteen to twenty miles into Waukegan, to Victory Memorial Hospital, where immediate medical attention was given to my son. X-rays were required to see if any skull injury had been sustained as my son's condition was not normal and the doctor on duty was concerned with this symptom.

We were asked why we did not see a local doctor rather than driving all the way into Waukegan and we told them of our situation. The resident doctor could not believe this could really happen, but did not appear surprised that it did occur once he knew where we were from.

After one hour of treatment, we were allowed to bring our son home, however we were instructed to wake him every two hours throughout the night due to possible additional symptoms that could occur, due to the head injury.

COMMENT

For the size of our community and the number of doctors within its boundaries, this experience is one that should never occur. It is the attitude of our local doctors and their staffs that cause this problem to exist. It leads one to believe, in these days of Watergate, our own family physicians and other doctors here have thrown away their belief in the oath they have sworn to live by.

It is the opinion of many in our community as well as my own, if our local doctors were in elected positions we would have a clean slate come election day.

I call on our Village Officials and our local community service organizations to bear pressure to its full extent, in order that our community can be assured of the medical protection it so deserves, regardless of the hour.

This in no way is any kind of a reflection on our excellent rescue squad members, as they do a job above and beyond their call of duty. WITHOUT PAY.

Sincerely

Kenneth C. Mazzuca

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

A REMINDER

Just a reminder to Antioch-area voters that Helen Kopriva is standing for re-election to the Board of the College of Lake County.

She has been a member of the board for three years, serving as secretary for two. Prior to that, she served on the Antioch Community High School and Antioch Grade Schools Boards for a total of 10 years. Besides these civic responsibilities, Mrs. Kopriva has been active in the Women's Auxiliary of the Lake County and Illinois State Medical Societies, as well as many other community organizations and fund raising projects.

Since this well-qualified woman is the only person from the Antioch area sitting on the junior college board, it would do well for us to remember to give her our support April 13.

**NEWS
DEADLINE**

Afternoon**

Unless by special permission or by special request. OR last minute happenings.

The Story of Grove School

The idea of Grove School arose out of individual tutoring given in 1958 to one child in Milburn who did not fit into the public school. It was soon obvious that there were many such children in Lake County with the same need. A number of parents began seeking help for their children, and Grove School was founded. While proceeding to develop a day school of its own, the Grove School helped develop and organize the Special Education District of Lake County, with the help of former Superintendent of Lake County Schools, Dr. W. Petty, a honorary member of the Grove School Board.

The Grove School shifted locations several times until 1965. In 1965 the School purchased Ridge Farm in southwest Lake Forest, a

twenty-seven acre campus, with three large classrooms and administration buildings. One hundred students presently attend the day school. Students are referred to the school by North Shore Suburban Special Education District, Special Education District of Lake County, Special Services of Waukegan Community Schools.

A decision made by The Grove School in June of 1971, to expand the school's facilities to become a residential, as well as a day school, has now become a reality. The first of the new residential units will be ready for occupancy on July 1. The public is invited to attend the dedication ceremony which will be held at the school on June 23, at 3:00 p.m. This new facility will have

room for 46 children. Included is a swimming pool, and centers for physical therapy, speech, language, visual and auditory training, creative arts and occupational therapy.

There is still opportunities to make special gifts for memorials and to honor living persons. The physical therapy room, including the furnishings, will be dedicated as a gift from the Antioch Mental Health Association. There is still about \$75,000 needed to complete the building, and immediate gifts will be used to meet these needs. While most of the rehabilitation will be recognized as gifts from several individuals and groups, there still remains a number of bedrooms which could be dedicated for a gift. Furnishing per bed is \$1,000; the entire room is \$10,000 and a ward is \$25,000. Gifts of this kind can be pledged over a period of three years and will be used to wipe out any debt left on the building when finished.

The 9th Annual Antioch Mental Health Cotillion will be held May 4th at Henrici's O'Hare Inn, DesPlaines, Ill. Barby Tobias-Chairman, Co-chairman-Diane Risch, and Caroline (Ted) Costoff are happy to announce that the price is still \$25.00 a couple. Enjoy a wonderful evening out by calling Kathy Cirone for reservations, 395-0628, or go to the First National or State Bank for tickets.

Teachers, High School renew agreement

The three-year-old professional negotiations agreement between the Antioch Community High School Education Association and the high school board was renewed for another two years Thursday night.

The agreement, which is substantially the same as the one drawn up during the 1971-72 school year, recognizes the Association as the sole representative of the teachers at the high school.

It lays the basis for the continuing and periodic negotiations between the teachers and the board. The several sections of the scope of negotiations between them, establish negotiations procedures, procedures in cases of an impasse, and grievance procedures.

Should an impasse ever be reached in negotiations, the agreement provides for the employment of an arbiter, without interruption of teacher service.

Superintendent Warren Pol-

ley said that, in three years, the grievance procedure has never been put into use, but added, "It helps to have it spelled out."

Also at Thursday's Board meeting, a new salary schedule was approved for the teachers. The new pay rates reflect an average, across-the-board increase of about 12 percent, according to Superintendent Polley.

The lowest step on the schedule for a beginning teacher with a bachelor's degree, was increased from \$8,100 to \$8,700.

Polley pointed out that before the salary increase Antioch High ranked near the bottom among the 20 schools in the Northeastern Illinois Suburban Association on an overall scale of teacher salaries. He said that he didn't think that the school's relative position would change significantly, because most or all of the other schools would also be granting salary increases.

Rescue Squad to teach Life-Saving Procedures April 21

When an individual suffers a heart attack, the risk of death increases dramatically with each moment of delay in beginning treatment. A delay of just four minutes narrows the person's chance of recovery to 50 out of 100. A six minute delay cuts that to 11 out of 100.

With this in mind, the Antioch Rescue Squad, in cooperation with the Heart Association of Lake County and other health and emergency agencies, is sponsoring Operation HELP (heart Emergency Life Procedures), Sunday, April 21.

The Antioch program will begin at 2:00 that day in the Commons area of Antioch Community High School. Rescue Squad members and area doctors will be on hand to show a brief film on temporary life support procedures and to demonstrate the techniques involved.

The technique is known as Cardio-Pulmonary Resuscitation, or CPR.

CPR will equip men and women of all ages with a method of effective temporary life support to maintain life in

a victim suffering from a heart related medical emergency until medical help arrives.

The Antioch Rescue Squad has been involved the past few years in purchasing the most up-to-date heart monitoring equipment for mobile heart care and in training members in the use of that equipment.

However, no matter how well-equipped and how swift the Rescue Squad is, a spokesman said, it still takes a matter of minutes for them to reach a victim. Since time is of the essence, the Rescue Squad feels that everyone in the community should be familiar with CPR.

This technique will allow those who may be on the scene before the Rescue Squad to provide a valuable -- possibly life-saving -- service for heart victims. Any person can start temporary life support if he knows how.

The Rescue Squad spokesman also revealed that they have established the teaching of CPR in health classes at the high school.

For further information on the Operation HELP program, Sunday, April 21, call the Rescue Squad at 395-2141.

THERAPIST AT WORK: (l to r) Pat Lorenz, Dolly Spiering, Ruth Jedele and Ruth Pickus look on as Heddie Romanoff, physical therapist at the Grove School, works with one of the students. (Staff Photo)

To Discuss Senior Citizen Housing

Members of the Antioch chapter of AARP will meet informally with B.D. Brasel, executive director of the Lake County Housing Authority, and Village officials, to discuss the housing needs of senior citizens in Antioch and the various programs available for meeting those needs.

The meeting is set for Tuesday, April 9, beginning at 1:30 p.m. in the Moose Lodge.

According to Village Clerk

Marilyn Sterbenz, the Village has had an application on file for about three years for funds to construct a housing project for the elderly. However, Mrs. Sterbenz said, there is currently a freeze on all federal funds for such projects.

In response to a letter from the Village, Mr. Brasel offered to meet with the senior citizens to inform them of what programs are available.

Lyman gets Main Street sewer job

W.H. Lyman Construction Co. of Palatine was awarded the contract for replacing the Main Street sanitary sewer in Antioch. That project will extend from Depot Street just east of Main, behind the stores on the east side of Main, east on Park Avenue to the railroad tracks, to an eventual connection at Ida Avenue and Bishop Street.

Lyman's bid was \$54,774. Cook and Ingram Co. of Russell submitted a bid that was about \$2,300 lower than Lyman's; however, they did not include the type of material favored by Village Engineer Frank Angelotti.

Four other contractors bid on the project.

Village trustees also approved advertising for bids on the sale of \$340,000 worth of Water

and Sewer Expansion revenue bonds. These funds will pay the Village's share of the treatment plant expansion; erection of a new water storage tank, and sewer line expansions. Bids will be opened April 15.

Mayor Robert Wilton requested the Sidewalk Committee to investigate the feasibility and cost of extending walks along North Avenue from Main Street east to the Oakwood Knolls and Village Green subdivisions.

An effort will be made to get something going in Antioch in connection with the national Bicentennial observance. Trustee Bill Seemann suggested that Village officials try to coordinate various groups in

the community. Terry Folbrick responded from the audience that the Chamber of Commerce and Industry has discussed this idea and would be very much interested in cooperating with the Village government.

Trustee Marge Nelson reported on the investigation of various blood bank programs available to residents of the Village. She said that the Blumberg Blood Bank in Waukegan would offer the same program as the Red Cross. The special committee appointed to study the matter, Mrs. Nelson reported, recommends that if Antioch residents are interested in blood bank membership, they should contact either the Red Cross or Blumberg. Further information on Blumberg is available

Annual Jaycees Kite Fly

The Antioch Jaycees are sponsoring their annual KITE FLY on April 21, 1974. Should there be inclement weather, it will be held on the following Sunday, April 28.

The Kite Fly will be held at the east parking lot of the

Antioch Community High School at Rte 83 and 173 in Antioch, Illinois from 1:00 p.m. to 5:00 p.m. There will be pop, hot dogs and prizes. Also, kites and string will be available from Ben Franklin. The event will be open to two age groups, 9 years and under and 10 to 14 years. The Jaycees are giving bicycles donated by Ace Hardware and The State Bank of Antioch to the first place boy and girl in each age group, for the best home made kite and the kite that can fly the farthest. The judges for the event will be the presidents of Antioch's three financial institutions, Mr. William Brook, Mr. Frederick Walpole and Mr. LaVerne Woods.

High School adds courses

Several new courses and revisions in some existing programs at Antioch Community High School were approved by the school board Thursday night.

In the English department, Yearbook Production will be set up as a regularly scheduled class, allowing students who work on the yearbook to earn academic credit for their efforts.

The board was updated on a new course, to be called Studio Theatre, which they had approved previously. The course is designed for gifted students, who, upon becoming qualified, will integrate into the regular drama program as student leaders. Developmental expenses for the course will be reimbursed by the State.

The present class in Life Science is to be eliminated. All incoming Freshmen will enroll in either Biology or Physical Science.

As has been planned for several years, the program in Power Mechanics initiated last year will be expanded with an advanced course, similar to the advanced courses offered in other technical fields.

Also in the Industrial Arts curriculum, Woods II and Metals II, previously taught as one-year courses, will be taught as two separate semester courses, with students permitted to enroll in either or both.

Courses in Advanced Foods and Advanced Clothing will be deleted in a continuing realignment of the Home Economics department.

The elimination of the band program in the Antioch grade school two years ago is finally being felt at the high school level. A one-year, non-academic course, Novice Band, will be instituted next year for Freshmen and Sophomores with no previous instrument training.

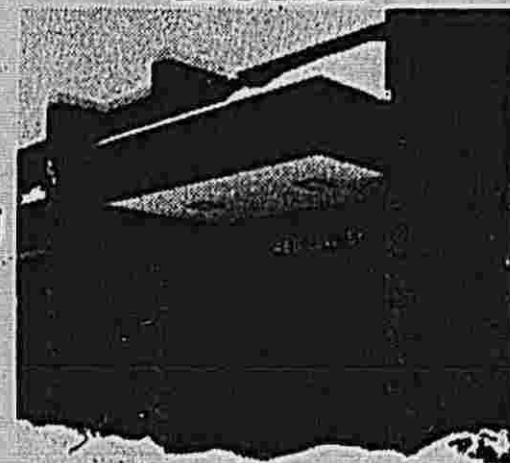

Separate semester courses are also to be created in the Fine Arts department in history of art, sculpture and contemporary crafts.

Finally, the Physical Education department will initiate an adaptive, co-educational program for handicapped students, including students with a doctor's excuse from regular P.E. classes.

All courses are offered subject to sufficient enrollment.

OSHA reaches the high school

"He who proposes, disposes," goes an old saying. Ken Wierschem, Business Manager at Antioch Community High School, found out what it means at the high school board meeting Thursday.

Wierschem reported to board members on a seminar he had attended, sponsored by the Antioch Chamber of Commerce and Industry, concerned with the federal Occupational Safety and Health Act. The laws, he said, would require some changes to be made at the high school, things like identifying the locations of fire extinguishers and posting signs on doors that could be mistaken for exits.

A study would have to be made, Wierschem indicated, to determine exactly what the law requires to be done, what it would cost and how it could best be carried out. It quickly became evident who the board would place in charge of the study. Wierschem said that he will get on the job right away!

The Business Manager also reported on a hearing in Waukegan regarding the property assessment situation in Lake County. He said that a spokesman for the Illinois Department of Local Government Affairs had indicated that group's intention to put a multiplier, computed on last year's average, on the entire county. The average, Wierschem quoted, would be 1.1585.

However, he repeated the County officials' statement that they would file suit against the State if any attempt is made to apply any multiplier. The result, according to Wierschem, is that the

schools still do not know where they stand with regard to next year's tax revenue.

In response to a question from observer Richard Bolt, Wierschem said that his most optimistic expectation would be a decrease in revenue from the property tax of about 4 percent. However, he conceded that if the county officials are successful in their bid to roll back assessment levels, the high school could see a property tax revenue loss of nearly 20 percent.

On the brighter side, Wierschem told the board that the school cafeteria is currently operating in the black. The cafeteria has served 8,051 more lunches in the first six months of this school year than in a similar period last year. In addition, the vending machine concession is producing more receipts for the school.

Consequently, he said, though food supplies are costing more, the cafeteria receipts are running about \$6,000 ahead of this time last year, because of the increased sales, producing a net revenue of about \$2,000 as of the latest figures.

Principal Art Blecke revealed that he had received a petition signed by 17 students requesting the establishment of a hockey program at the school. The board, indicated, however, that the cost of facilities would be prohibitive.

Bleck also conveyed a request from the president of the Senior class to have a rock concert at the school sometime in May. Blecke outlined the request in some detail, repor-

ted on similar situations at other area schools, and asked the board for some direction.

The extended discussion centered on the problems that the other schools had experienced and possible restrictions on the size of the audience, seating arrangements, etc. that might alleviate the problems.

Board member Dr. Al Bucar said that the promoter's statement that they would "provide however many police are needed" seemed to set a negative tone for the project. "It indicates that even they expect trouble from this sort of thing," several board members agreed.

After a half hour's discussion, on Bucar's motion, the board voted to suggest that the Senior class officers consider another type of activity, as the proposed rock concert seemed to be "an inappropriate activity for these premises."

A new faculty evaluation form was displayed by Blecke. The new form, he said, had been devised by the administration and the department chairmen. The major advantage of the new evaluation approach, Blecke pointed out, is that it includes more positive points, rather than concentrating only on the negative.

The form includes space to list both the teacher's strengths and his weaknesses. In addition, the new approach will allow the teacher to set specific goals for improvement, and provides for periodic review of these goals between the individual teacher and his department chairman.

also announces that the annual Kindergarten Tea will be held on Thursday, May 2, 1974 at 1:00 p.m. in the school cafeteria. All Kindergarten parents are invited.

Kindergarten Registration at Grass Lake School

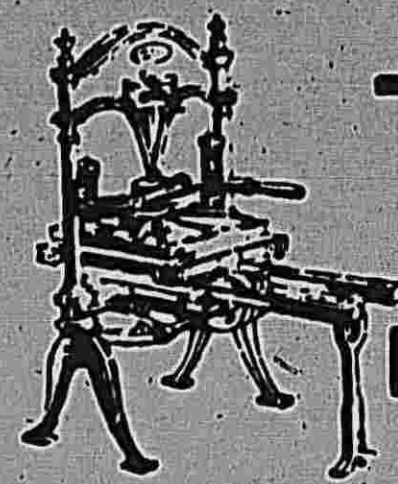

Kindergarten registration for the 1974-75 school year will be held at the Grass Lake School during the week of April 8th through 11th from 8:00 a.m. to 3:30 p.m. All children entering the Kindergarten in September must be five years of age on or before December 1, 1974. A legal birth certificate must be presented at the time of registration. Birth certificates may be obtained from the Bureau of Vital Statistics, County Courthouse of the County in which the child was born. Hospital certificates cannot be accepted.

At the time of registration parents will receive a health examination blank which must be completed by the family

physician and dentist before entering school in the fall.

Any children who will attend first grade in the school year 1974-75 and who are not currently enrolled in Kindergarten should register during April 8 through April 11th. In order to enter first grade next fall, the child must be six years of age on or before December 1, 1974. Again a legal birth certificate is required.

First grade students who are not currently enrolled in Kindergarten will also receive health examination forms to be completed by the opening of the school in the fall. Superintendent William Hart

A cyclone struck just south of Millburn, between Dodger Corners and the creamery, Thursday at 7 p.m., destroying several barns.

50 YEARS AGO APRIL 3, 1924

The new pavilion being erected by W.O. Winch at Channel Lake is rapidly nearing completion.

Last Thursday evening the Ku Klux Klan held a meeting in the opera house of Grayslake.

20 YEARS AGO APRIL 1, 1954

Milk prices were threatened in Antioch last week when the Automatic Milk Vending Machine Co. placed a vending machine on Lake St., charging 35 cents a half gallon for milk.

District music contest winner Jay Cribb is to be the featured soloist at the Antioch Township High School's Spring Band concert.

10 YEARS AGO APRIL 2, 1964

Orville (Pat) Clavey promised the Antioch Republican Women an all-out war on traffic fatalities if he is elected coroner.

Recent additions to the art display in the Washington office of Cong. Robert McClory are two paintings by Mrs. Jacqueline Horton of Antioch.

Developer's school payment eliminated

Continued from Page 1

have to pay the money for the schools also.

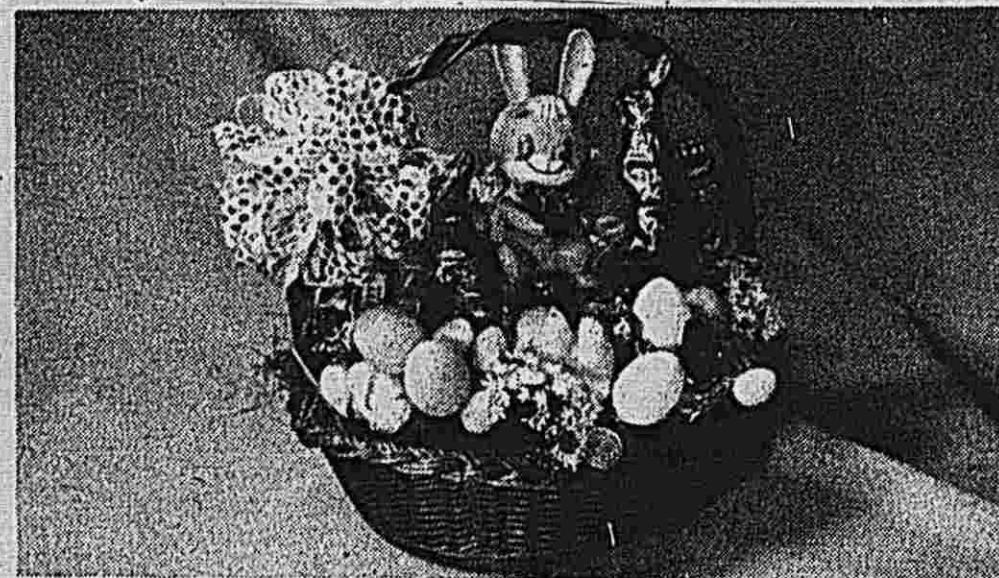

Lynch said that the legality of such payments was questioned, too. Some developers who have refused to make such payments, he pointed out, have been upheld in court.

Trustee Mike Haley added that it made more sense to accept the payments to the Village, than to require payments for the schools that might not be made.

Superintendent Meyer pointed to a possible bright spot in a recently enacted State Law which requires that property be reassessed upon the issuance of an occupancy permit, rather than in the next year, as has been the case. Under the new law, Meyer said, property taxes would then be prorated from the day of occupancy.

However, he added, it is up to Village officials to notify the assessor when an occupancy permit is issued.

Beautiful Old Fashioned Easter Baskets

the finest in town

Hand packed in our shop with fine imported and domestic candies and toys. We will custom pack a basket to your order with a music box, figurine, crystal vase, pewter mug or other nice gift for Easter giving to Mom, Dad, Sweetheart and of course children.

Ah Spring!!! The sunshine is lovely today - sure hope it keeps up.

Fern Watson, the first lady VIP looked absolutely stunning last Saturday evening. Several members of her family came from out of town to share this happy occasion with her. Also on hand were many of her former pupils. Some funny stories were told and I bet had time allowed many more would have come out. Bill Brook did a fine job as master of ceremonies and Dr. Petty was his usual humorous self. Shirley Gutowski dancing with her Bernie looked lovely in a white gown, Lars and Virginia Steffenberg made a handsome couple in their burgundy outfits and Mayor Wilton and daughter Patti, lovely in her pink gown, took their turn around the floor. The band was terrific and the dance floor was super crowded all evening.

Dr. and Mrs. Barnes enjoyed a well deserved vacation in Hawaii. They visited 4 of the islands and flew home with Mr. and Mrs. Vos who were also vacationing in Hawaii for the past month. Funny, how you always meet someone from Antioch when you're travelling.

That was some cake the Mayor received for his 40th birthday.

Kinda hard to be 40 on April Fools Day eh Bob?

Sure was a quiet April Fools Karen and Rod.

The band concert at the High School last Sunday was very well attended and those there were treated to a marvelous drum solo by David Rush, some fine combo playing by Bill Gable, Dave Rush, Jerry Smouse and Chris Lindberg, and of course some fine selections from the band. Man of LaMancha was very good.

Birthday congrats this week go to Laurie Albergo and Ann Gabala, 78 years young on the 3rd, to Betty Smouse, Sue Kasik, Mike DeStefano and Eddie Poulos on the 4th, to Pat Harland and Dr. George Jensen on the 6th, to Lenore Dunlap and Steve Vos on the 7th, to Karen Boarine, on the 8th and a very special wish to Joe Rush who celebrates on the 9th.

Celebrating wedded bliss this week are Kathy and Ed Johnson on the 4th, Lila and Ed Palinski on the 6th and Betty and Jack Davis who will be married 25 years on the 9th.

Keep thinking Spring everybody!!

See ya
Annie Mae

VOICE OF DEMOCRACY WINNER. Antioch Community High School student Sandy Lindberg displays the trophy she was awarded by the Lake Villa Veterans of Foreign Wars. She received the first place award for a taped speech on her concepts of the responsibilities of an American citizen. In regional competition, Miss Lindberg placed second. High School English teacher James Corrigan expresses his pleasure with her achievement. (Staff photo)

Mary Haley, Michael Malick speak wedding vows

St. Peter's Church in Antioch was the setting for the marriage of Mary Jeanne Haley and Michael J. Malick. The double ring ceremony was performed by Father Eugene Keusal.

Leading the wedding party were the flower girl, Jennifer Haley and ring bearer, Edward P. Haley, Jr. Bridesmaids were Donna Malick and Paula Albergo and Ushers were Edward Haley, Sr. and Patrick King. Rita Haley was chosen to be her sister's maid of honor and Gregory Malick was best man.

Carrying her mother's 52

year old prayer book, Mary came down the aisle on her father's arm to the music of organist Mrs. Theodore Walther. Mary also wore her mother's 52 year old crucifix. Her straight line gown was of Quiana jersey with a double layered veil and crown cap. She carried a bouquet of Hawaiian orchids.

The bridesmaids wore white chiffon empire waist dresses with purple flocked bows. They carried white mums and wore white ribbons in their hair.

The bride is the daughter of Mr. and Mrs. Thomas Haley of Antioch. Mary graduated from

SO-CI'E-TY

n.; pl. TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL) the relationship of men associated in any way to one another: companionship; fellowship; connection; participation.

PM&L's Springtime Trio nears

"Trio!", PM&L's next production, opens at the PM&L Theater, 877 Main Street in Antioch, on Saturday, April 20. The remaining playdates are Fridays and Saturdays, April 26 and 27, and May 3 and 4. Curtain time for all performances is 8:30 p.m. Directed by Don Beveroth, the show is an imaginatively conceived evening's program of three one-act plays. These are "The Dirty Old Man," "Riders to the Sea," and "Fumed Oak."

"The Dirty Old Man," by Lewis John Carlino, is the opening play of the trio. Despite its various connotations, the title of this play is peculiarly apt. It sensitively and sympathetically tells the story of the crossing of the paths of an old man and two younger people of high school age. What makes the play "dirty" is the magical moment when the generation gap separating them disappears and all become the same, with common strengths, weak-

nesses, needs, and desires.

The strong cast features Lou Jones as the old man, Dave Oelrich as the young man, and Terry Rosol as the young girl. Jones and Oelrich are PM&L veterans. Antioch theatergoers will remember Lou Jones' excellent work in "Man of La Mancha," "The Paisely Convertible," and "Lady Audley's Secret." PM&Lers will recall Dave Oelrich's performances in "Man of La Mancha" and the "Three-Penny Opera." Terry Rosol makes her PM&L debut in "The Dirty Old Man." It is an effective play, performed with impact, sensitivity, and understanding.

We hope also to comment, in later articles, on the other two plays in the threesome, J. M. Synge's "Riders to the Sea," and Noel Coward's "Fumed Oak." Meanwhile, it is not too early to call 395-9702 to reserve your seats to see "Trio!" on any of its five announced playdates.

St. Peter's Grade School and Antioch Community High School.

The son of Mrs. Joseph Malick of Skokie, Michael graduated from St. Peter's Grade School and from Niles Township High School, Skokie. He then went to the Harrington Institute of Interior Design in Chicago. Mary and Mike are employed at and own the Sewer Clothing Store in Antioch.

Following the ceremony, the couple were feted at a reception held at the Fiddlers Green.

A European honeymoon to Austria and Hungary is planned.

Mildred H. Pianca "Distinguished Food Service Person of The Year"

Mrs. Mildred H. Pianca of Lake Petite, Antioch, has been named "Distinguished Food Service Person of the Year." This award is made annually by the Illinois School Food Service Association and the presentation will be made at the state convention in Champaign on April 20th.

Mrs. Pianca has just retired as director of school lunch for the forty-three schools in Elgin. She will continue as editor of a monthly food brochure "What's Cooking" for a specialty foods house in Evanston.

Singles plan Bowling Party

"Basic" a singles group for men and women, 21 or over, is planning an evening of bowling and fun at the Sunset Bowling Lanes, 2015 No. Lewis Avenue, Waukegan on Saturday, April 8 at 8 p.m.

The group meets every Saturday evening. For further information call 362-1433.

Sue Sedivec to speak at Altar and Rosary Society meeting

St. Peter's Altar and Rosary Society will hold their April meeting on Tuesday, April 9, at 8 p.m. in the Family Room of the Social Center of the school. The meeting is open to all the ladies of the parish and community.

Guest speaker for the evening will be Sue Sedivec Community Relations Officer for the Village of Antioch. She is affiliated with the police department and works out of that office.

Refreshments will be served following the meeting.

Homemakers See & Sew

The Lake Region Homemakers met recently to make plans for a fashion show. It will be unique in that all the garments will be hand made by the ladies. Titled "See and Sew", the family style dinner will be served on Wednesday evening, April 24, at 6:30 p.m. at Paty's Lounge, on Highway 173 near Channel Lake. Donation will be \$6.00 per person and all proceeds will be used to give two scholarships to students at Antioch High School. No tickets will be sold at the door, but they will be available at the State Bank, First National and also from members of the Unit. For further information, call 395-0365, 395-4185 or 395-0623.

The fashions will be modeled by the Homemakers, and area 4-Hers.

A fun evening is planned with door prizes, table prizes and entertainment.

La Leche League meets

La Leche League of Lake Villa-Antioch, will meet 7:30 p.m., Wednesday, April 10, 1974 at 1026 Laursen Court, Antioch, Illinois.

Topic for discussion will be "Art of Breastfeeding and Overcoming Difficulties." Babies are always welcome at our meetings as well as any other women interested in learning more about the art of breastfeeding.

For more information call: 395-6081, 223-5861, or 356-8381.

New Deductions

The stork dropped by Arlene and Bill Eckert's with a lovely pink bundle on March 27, 1974. Jodi Lynn weighed 7 lbs. and was 21 inches long. The Eckerts have another daughter, Janel Lynn, 23 months old.

Proud grandparents are Mr. and Mrs. Arthur Wegner of Antioch and Mr. and Mrs. Richard Eckert in St. Petersburg, Florida.

Transporting of Golf Clubs

The cost is surprisingly reasonable if you know the rules of the sport.

Every airline has different rules and regulations according to the specific destination. Some tours/airlines have the allowance of two large pieces of checked luggage per person. As a result our clubs can go free IF used in lue of one piece of your luggage. However the golf bag is not to go over 60 to 70 pounds, depending on the airline and destination.

Should you not qualify under the luggage classification, then have them checked as golf bags but never excess baggage for this will run a lot higher in cost. The golf bag will be classed as an EXTRA PIECE and will vary from \$1.00 on up to \$7.00 depending on the airline and destination.

At the time of making your airline reservations, have your local travel agency also make the arrangements for your club. This is a free service and can save you a lot of money and problems on down the line. Happy golfing.

Barb Corbin

4-H Leader Dog graduates

Conrad has a new home in Michigan. He also has a new and demanding job of leading the way for a blind man. Conrad is a dog, a german shepherd, from Libertyville who went to School last September to work toward a "degree" in leading blind people, according to Extension Youth Adviser Bill Messerschmidt.

And on a cold Tuesday in January, an elated Mrs. Daniel Darrow of Libertyville called Messerschmidt to inform 4-H she had received the graduation photograph of Conrad and his new master, Peter Schector. The good news was very heartwarming because it was the first graduate for Lake County 4-H since the program began in 1972.

Leader-Dogs-For-The-Blind began in 1939 when the School was constructed in Rochester, Michigan. Since then over 3500 Leader Dogs have become the "eyes" for blind people throughout the U.S. and many foreign countries. Lions Clubs International sponsor the program and, along with donations, provide the operating funds for the School, Messerschmidt says. In the two years Lake County Lions and 4-H Clubs have worked together, twelve Leader Dog candidates have gone to Rochester. Of the twelve, three actually entered the School having passed the very high entrance requirements. A second 4-H dog, Joker - a yellow labrador, is still in training. Joker was trained initially by the Ed Demlows also of Libertyville.

Jazz Ensemble starts tours

The College of Lake County Jazz Ensemble, under the direction of Chuck Banks, has started its first "tour."

Beginning with a presentation at Antioch High School on April 1, the groups traveled to Sangamon State University in Springfield for afternoon and evening concerts on April 3-4.

Next on their agenda is the Notre Dame Collegiate Jazz Festival on April 5-6 at the University of Notre Dame, South Bend, Indiana.

According to Banks, the Notre Dame outing is the "granddaddy of all jazz festivals."

"The Collegiate Jazz Festival is open to all U.S. colleges, but bands are accepted only after an audition," he said. "The festival is recognized in jazz circles all over the world and affords CLC with international recognition."

The Jazz Ensemble's tour will climax with an all-day jazz session on Saturday, April 6.

Members of the jazz ensemble from this area are: Antioch - Bill Gable, Jerry Smouse, Ed Anderson, Al Bednar, Mike Tumminello, and Ron Tumminello. Lake Villa - Chuck Banks - Director.

Registration for all at St. Peter's

St. Peter Board of Education has set April 6th (before and after the 5:30 p.m. Mass) and April 7th from 8 a.m. to 1 p.m. for 1974-75 St. Peter School Registration. The Registration Fee is \$25 per family, non-refundable, and payable at the time of registration.

Registration is to take place in the church basement.

New students and first graders must present a baptismal certificate (unless baptized in St. Peter's) at the time of registration. First graders must be 6 years of age on or before December 1, 1974.

Pot Luck Luncheon Planned by A.A.R.P.

A pot-luck luncheon is planned by Violet Feldmann, Program Chairman, on April 9, the next meeting of the AARP Antioch Chapter No. 387. Luncheon will be served at 12 o'clock sharp. Each member must bring a casserole meal or equivalent.

A bus trip to Nappanee, Ind. is planned for April 25. All spaces on the bus are filled.

AARP members wish to thank the stores of Antioch for the donation of prizes given at the March 26 meeting. Also wish to thank Mr. & Mrs.

Godfredsen, friends of Mrs. Ragnhild Pedersen for their wonderful entertainment and Mrs. Pedersen for planning the luncheon.

CONRAD HAS A NEW HOME Conrad and his new master, Peter Schector.

Marilynn Jones and Bill Messerschmidt at the Extension Office, Rt. 45, 1 block north of Rt. 120, Grayslake or call 223-8627.

Book Fair at Upper Grade School

The A.P.T. Club will sponsor a book fair from April 3-9 at the Upper Grade School. The book fair will be open on April 8th and 9th in the evening from 6:00 - 9:00 for parents and students in the area. All parents are welcome to come to the school during the day and browse and purchase books. Books will be on display

in room 208. The fair will include new books in all price ranges, and in all categories including classic, fiction, biographies, adventure stories, science and reference books.

There will also be a large selection of education games, craft kits and science kits, for all age groups.

Sequoit Happenings

Bits from Barb

By: Barb Olson.

Congratulations to the Tom-Tom staff in their March of Dimes fund drive! At the last count, they had netted over \$700, and that figure is not yet final. This is the most any Antioch high school organization has ever collected. The Tom-Tom is sponsoring a dance next Saturday and they are hoping for a large turnout. Last Sunday was the

Antioch Symphonic Band's Spring concert, entitled "Spring Song." The concert was one of the best the band has ever performed, and it was climaxed by a drum solo by David Rush. The solo itself included a total turnoff of the lights. The concert was an excellent performance and we are hoping to do as well in contest Saturday.

Friday was the end of the nine weeks and report cards will be handed out around April 11. Friday was also the night of the Student Council Spring Dance.

Next Saturday, the girl's basketball team is holding a bake sale at the State Bank of Antioch. The profit of the bake sale will go to next year's teams.

Thursday there will be a meeting of the National Business Honor Society of Antioch High School. Active members will be installed, and probationary members introduced.

Landfill Zoning Hearing Postponed

A public hearing on the petition of CCD Disposal Co. for rezoning of property they own between the industrial area and Little Silver Lake, originally set for Tuesday, April 2, has been rescheduled for Tuesday, April 23.

Objectors to the rezoning, mainly from the Little Silver Lake area, had pointed out that CCD was also required to

file a petition with the Soil and Water Conservation District, which had not been done. Pending that filing, the petitioners and objectors mutually agreed to delay the hearing.

CCD Disposal is seeking M-2, General Manufacturing, zoning for their property, with a Special Use permit to conduct a landfill operation there.

April 3, 1974

Antioch Township Library REPORT OF EXAMINATION For the Year Ended January 31, 1974

Norman S. Jedele
Certified Public Accountant
Antioch, Illinois

March 29, 1974

Board of Trustees
Antioch Township Library
Antioch, Illinois

We have examined the balance sheet (arising from cash transactions) of the
ANTIOCH TOWNSHIP LIBRARY
as of January 31, 1974 and the related statements of cash receipts and disbursements for the year then ended. This examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary.

In our opinion, the attached statements present fairly the financial position at January 31, 1974, arising from cash transactions, and the related receipts and disbursements for the year then ended of the ANTIOCH TOWNSHIP LIBRARY in accordance with generally accepted accounting principles applied to municipalities on a basis consistent with that of the preceding year.

Yours very truly,

Norman S. Jedele

PUBLIC NOTICE

NORTHERN ILLINOIS GAS COMPANY hereby gives notice to the public that it has filed with the Illinois Commerce Commission on March 26, 1974 new Rider 19, Gas Exploration Adjustment, providing for an adjustment, which will probably increase charges for gas service, to reflect investment in exploration activities conducted for the purpose of obtaining supplies of gas.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois 62706.

A copy of the proposed change in schedules may be inspected by any interested party at any business office of this Company.

Obituaries

MARSHALL JERRY RYAN, 59, of 1244 Main St., Antioch, Illinois died March 28, 1974 at Victory Memorial Hospital.

Mr. Ryan was born November 5, 1914 in Missouri. He was the founder and former owner of Arrow Engineering in Antioch Township.

He is survived by his widow Lucille E., step-son, Richard J. (Sally) Schlarbaum; 5 grandchildren, Edward, James, Richard Jefferey and Thomas, all of Antioch; also surviving are four children, Linda, Jeffery, Douglas, and Keith Ryan, all of Missouri and Kentucky.

Chapel services were held Saturday, March 30 at 1 p.m. at the Barr Funeral Home, Colonial Chapel, 532 Lake St., Antioch. Burial was in the family lot in Hillside Cemetery.

MR. JOSEPH STACHO, 69, of 162 Birchwood Drive, Antioch passed away on Saturday March 30 at Victory Memorial Hospital. He was born May 22, 1904 in St. Martins, Czechoslovakia and came to the United States in 1911 to reside in Chicago until moving to Antioch in 1955. He had been employed at the Chain O'Lakes State Park near Antioch, and then from 1960 until 1970 on the assembly line for American Motors in Kenosha. he married Dorothy Randolph on July 25, 1952 in Chicago.

Survivors are his wife Dorothy, 3 sons Donald, Joseph and Richard, 2 sisters and 10 grandchildren. He was preceded in death by 1 brother John Stacho on October 1973.

Funeral services were held at 10:00 a.m. on Tuesday at the Strang Funeral Home in Antioch. Rev. Phillip O. Laurin of St. Stephen's Lutheran Church officiated. Interment was in Hillside Cemetery at Antioch.

Arab representative to present other side of Middle East question

"The U.S. In The Middle Of The Middle East Muddle", a report made by a representative from the Arab Information Center, will be the subject of the program to be presented by the American Party Club of Chicago.

Lake County at a public meeting Saturday, April 6, at 8:00 p.m. in the Jones Island Park Building, 243 Harvey Ave., Grayslake.

The Arab representative will present the Arab version of who created the energy crisis

and why. His message will give some insight into the question, "Is the oil crisis really over?" The public is cordially invited to attend this meeting to hear the other side of the Middle East question.

"Hindsight's Better Than Foresight"

By Father Keusal

According to statistics there doesn't seem to be too many happy marriages. Did you ever stop to wonder why? Why does anything die? Living things - and a relationship is a living thing - need nourishment. Without nourishment living things die. When you don't know what kind of nourishment is needed, you seek an answer.

I wish there were statistics to show how many married people

Kindergarten Registration

Kindergarten registration for the 1974-75 school year will be held in the Channel Lake, Oakland and Antioch Grade Schools every day from 9:00 a.m. to 1:00 p.m. Monday through Thursday, April 8-11, 1974. To be eligible to register, the child must be five years old on or before December 2, 1974. Either a birth certificate, a baptismal certificate or a hospital certificate must be

presented at the time of registration.

The educational materials fee is \$12.00. However, if parents are unable to pay the fee now, they are strongly urged to register the child and pay the fee later. It is very important that an accurate count of kindergartners be attained.

CHRISTIAN SCIENCE CHURCH

In the Bible in Psalms 30 we read: "O Lord my God, I cried unto thee, and thou hast healed me." The power of God is brought out this week in the Lesson-Sermon entitled "UNREALITY" at Christian Science Church services Sunday.

From Science and Health with Key to the Scriptures by Mary Baker Eddy we read: "To the Christian Science healer, sickness is a dream from which the patient needs to be awakened. It breaks the dream of disease to understand that sickness is formed by the human mind, not by matter nor by the divine Mind."

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois, begin at 11 a.m. All are welcome to hear the truth that heals; and care for children is provided.

Commonwealth Edison nominated for Edison Award

Commonwealth Edison Company has again been nominated for the Edison Award, which is presented annually by the Edison Electric Institute to honor distinguished contributions to the development of the

electric power industry.

Edison was cited for its imaginative and effective leadership in nuclear power development, early commitment to a rational, balanced conservation policy and its leadership role in transforming liquid metal fast breeder technologies from concept to reality.

The company was nominated for a similar honor last year and won the award in 1960.

FUN FAIR FUN. Students at St. Peter School enjoyed themselves at a Fun Fair March 21. The annual event, sponsored by the eighth grade, includes a variety of games and booths, developed by the students themselves. (Staff photos)

Help Save Our Chain O'Lakes

On Thursday, April 4, a meeting will be held at the Fox Lake Village Hall, Rte 59, Fox Lake Illinois at 7:30 p.m. to form an organization to be more knowledgeable about conditions of the Chain O'Lakes. The organization will work with the Study Commission and various other committees. In order that a State Chartered, not for profit organization may be formed, it must be determined what goals shall be achieved and by-laws must be written accordingly.

Teachers sponsor "Meet The Candidates" session

Voters in Antioch Grade School District No. 34 will have a chance to meet and question candidates for the school board Thursday night, April 4.

The Antioch Elementary Education Association will sponsor such an event, beginning at 7:30 in the Audio-Visual room of the Upper Grade School, according to Association president Paul Epner.

Epner stressed that all voters of the district are welcome at the session. He said that all four school board candidates are expected to be present, and that they have been told to expect questions from the citizens and teachers who attend.

42 Precincts created for April 13 Election

Forty-two precincts have been created for the April 13 election for the College of Lake County Board of Trustees. Three members will be elected to serve the three-year terms.

Location of precincts and polling places was determined to make it convenient for voters to participate in all school elections to be held on Saturday, April 13. All polling places will be the same as those used for voting in high school Board of Education elections on the same day. "Any resident of the college district in doubt as to the proper polling place should contact the college office at 223-6601," Peter Bakas, Dean of Business Services, indicated.

Bakas reminded voters that requirements for voting in the CLC election are the same as in other school elections. A voter must be registered, over 18 years of age, and have lived in Illinois and in the college district for 28 days to be eligible to vote.

"Voters will be going to the polls on April 13 to vote for Board members of local school districts, and we urge them to be sure to vote in the Junior College election at the same time," Bakas stated. "We have made every effort to simplify the election by using the same polling places as used by the high schools. We hope that voters will take the opportunity to help select Trustees for the CLC Board."

Any voter who might be absent on election day is reminded to vote by absentee ballot. Applications for ballots may now be requested by mail from the College offices. April 8 is the last day to apply for a ballot by mail, and April 10 is the deadline for applying in person at the College, 19351 W. Washington Street Grayslake.

Emil Frozeth is still a patient in Victory Memorial Hospital and will be for awhile yet. Mr. Frozeth had surgery last Thursday morning and came through with flying colors. He is on the 4th floor at Victory and would love to hear from his many friends.

Members of the Channel Lake PTA attended the Founders Day Dinner at the Swedish Glee Club in Waukegan last Wednesday evening. Enjoying

Richard C. Mulder also running for Lake Villa School Board

The name of Richard C. Mulder was inadvertently omitted from the list of area school board candidates published in the ANTIOCH NEWS last week.

Mulder is a candidate for the unexpired one-year term currently held by Lowell Lloyd. Lloyd and Michael Schroeder, whose names appeared last week, are also running for the position.

The News regrets the error.

all those delicious Swedish dishes were Mr. Walter Soderman, Shelby Wais, Pat Harland, Mary Jo Zeien, Barbara Wyatt, Nancy Eberman, Kathy Behrens, Virginia Rudolph and Lorraine Lemke. Mr. Soderman and Lorraine Lemke truly enjoyed their dinner and atmosphere as they are of Swedish ancestry. Highlight of the evening was being entertained by the Swedish Glee Club singing group.

The Channel Lake PTA will meet Monday evening at 7:30 p.m. in the school gym. One of the things on the agenda for the meeting will be the election of officers for the coming year.

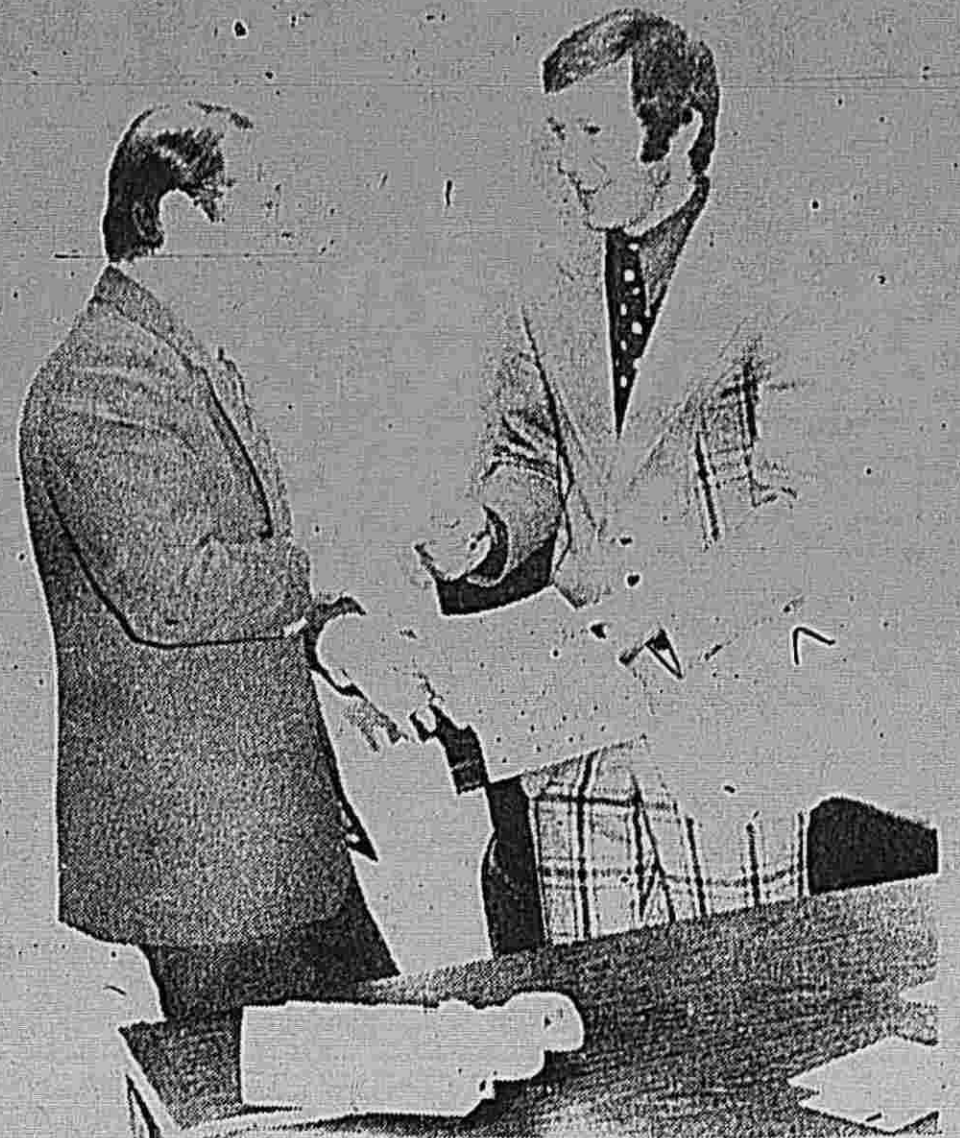

Among some of the young residents to receive their First Holy Communion at St. Peter's Church last Sunday in a special 1:30 p.m. mass were Mary Carol Rudolph, daughter of Gene and Virg Rudolph and Peggy Richard and Amy Rogers whose parents are Dick and Kathy Rogers.

Happy birthday to Pam Shuman who is now sweet 16 as of April 2.

Belated birthday wishes to Ted Portalski and anniversary wishes to Ted and Carol Portalski who celebrated both occasions on March 15th.

Let me know the news.

Louise

Major League baseball star, Glen Beckert, (right), resident of Palatine, Illinois, second baseman of the San Diego Padres, purchased the first page of Lions Seals from A.G. "Ang" Marcheschi, 7943 N. Nora, Niles, Illinois. The special occasion took place just prior to Beckert's departure for spring training. Beckert's contribution was the first to be received from the sale of Lions Seals.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

Set your clothes washer and dryer for savings.

Using the correct settings on your automatic washer and dryer can cut your laundering costs. On both your washer and dryer, adjust the setting for each type of item. Less hot water in your washer and a lower temperature in your dryer means less energy is consumed. For example, a permanent press item can be washed in warm water and dried on a warm setting. Higher settings waste energy and often do an inferior job.

Also, you may be able to regulate the operating time on your washer or dryer to save energy. On your washer, partial-load settings use a shorter cycle to clean smaller loads. A "damp dry" setting on your dryer not only reduces the energy used but also prepares the clothes for

immediate ironing without sprinkling—cutting down on your laundry time, too. These hints are included in our free booklet "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

The Antioch News SPORTS

Waukegan Speedway starts 25th Season April 13

The Waukegan Speedway will start its 25th season on Saturday night April 13th featuring late model super stock car and hobby stock car racing.

The track is a paved, one-quarter mile oval with semi-banked turns. The Speedway is located on Washington Street just east of Route 41 near Waukegan.

Three classes of stock cars will be racing at the Speedway during the 1974 season. Late model super stock cars are 1965 and newer models with big engines and big tires combining to make this the fastest class at the track. These cars and drivers will race on Saturday nights in April and on Sunday nights from May through Labor Day weekend.

The late model sportsman class is open to 1955 and newer cars and the tire size is restricted to 8-inches. This division takes over the Saturday night spotlight in May and they continue through September. Some of the sportsman cars change tires and also race with the supers.

Hobby stock racing is the crash-bang category at the

track with V-8 powered cars required to run automatic transmissions. In most respects these cars are stock. They race every racenight in added events.

A 30-lap main event for the super stocks will climax the inaugural 1974 card with 16-cars slated to start that race. Time trials, three heat races, a trophy dash and a 12-lap semi-feature are also scheduled for the late models. Racing starts promptly at 8:00 p.m.

A major rule change for the 1974 season will require all race cars to be equipped with some type of muffler or silencer on their exhaust system. Many area tracks have adopted this rule and it will first be enforced opening night at Waukegan.

The muffler rule is not expected to affect the performance of the competition engines and the rule is expected to give added comfort to the ears of the spectators and the Speedway's neighbors.

Among other changes at the Speedway this season will be shortened practice and time trial periods as the Speedway cooperates in auto racing's pledge to reduce its energy consumption. Also three holiday Friday night race dates have been dropped from the 1974 schedule.

Teen Twisters Square Dance Club welcomes newcomers

The Teen Twisters Square Dance Club of Grayslake, would like to welcome anyone who square dances to their Friday night dances.

They dance on the first three Fridays of the month, continuing through May, with the exception of April 12. On April 5 and 19, they are having Lyle Stalker call.

The dances are held from 8 p.m. to 10:30 p.m. Admission is \$1.

Dances are held at St. Andrews Episcopal Church in Grayslake, on the corner of Lake and Park Streets, about two blocks from Rte. 120.

Lake County Blind Association pre-Easter sale

The Lake County Blind Association will hold a three-day pre-Easter sale of products made by the blind, at the Belvidere Mall in Waukegan, starting Friday, April 5.

Sale items will include Easter baskets with chickens, crocheted crosses, tote bags for little girls, slippers, pot-

holders, poodle dogs and unusual colorful wastebaskets. James K. Miller, treasurer and sale chairman, said a novelty much in demand as a centerpiece is a washcloth rolled up like a candle and mounted on a cake of soap. The articles are made at the center for the blind, 916 Glen Flora Ave., Waukegan.

Joe Messenger of Round Lake will be on hand with his guide dog, Lady.

Sales persons at the Mall will be Miller; Mrs. Dora Moehrke, president, and her husband, Walter; Mrs. Veronica Epping, vice president; Miss Christine Barrett, secretary; Mrs. Ann Webb; Mrs. Lucy Smith; Mrs. Irene Ruffalo; Mrs. Hedda Talley; Mr. and Mrs. Charles Kirschhoffer; Mrs. Harry Thielen; James Epping; and Mrs. Theresa McElyea.

To save unnecessary trips to the Speedway, the track has a 24-hour answering service at (312) 662-8200 to give race schedule information. When the weather is threatening, the service is updated regularly with the status of that night's events.

Doubleheaders highlight Sequoit Diamond Schedule

The Antioch Community High school varsity baseball team has four Saturday doubleheaders on its schedule this year, and Coach Bill Seeman couldn't be happier.

"I'm looking forward to the doubleheaders," Seemann said, "and, of course, so are our pitchers."

The twin bills should help Antioch in the conference, in the coach's opinion. In the past, he said, other schools in the conference have tended to rely on one outstanding pitcher, who would start twice a week. Antioch, on the other hand, usually carried four or five pitchers, who had to take their rotation.

Since the Sequoits are used

Antioch Track rebuilding

Jerry Sandburg, Antioch High School Varsity track coach, calls 1974, "another one of those rebuilding years." Graduation has taken some of last year's stars; though a good number is still left.

With the addition of several new track events this year, Sandburg said, the emphasis will be on team depth. He should have a good basis to call on, as about 130 young men came out for the team a couple weeks ago. This is the largest turnout for the sport in the school's history. Currently, the team includes about 110 members.

Last year's graduation took Antioch's weight men and pole vaulters. These events will have to be filled if the Sequoits are to have any hopes for a conference championship.

Mark Andrews returns in the 440 and high hurdles; Bob Baily in the sprints; Scott Kiederlen in the 440; Vic McGuire in the high jump; Tim O'Neill in the 880 and Mike Harland in the distances.

Also returning are Mike Jones in sprints, Jon Sunday in the 880, Kevin Walpole in distances and Bob Packert in high jump and hurdles.

Coach Sandburg added that the trackmen who will fill the other vacancies are as yet undetermined, and the potentials are "too numerous to mention."

"Hopefully, we will be able to include many new names this year in the track results and continue our winning ways," Sandburg said.

Little League registration

Registration for Antioch minor league, little league and Babe Ruth baseball league will be held this Saturday, April 6, and again on Saturday, April 13 and 20th from 10 a.m. to 4 p.m. at the Scout House on North Main St. in Antioch.

All boys attending Antioch, Emmons, Grass Lake, Channel Lake, Oakland and St. Peter's Grade School who will be at least eight and not yet 16 years old by Aug. 1 1974 are eligible to participate.

Those desiring further information may contact Bernie Gutowski, league president at 395-0864 or Dick Kessler, vice-president at 395-0222.

to sharing pitching honors, they may gain some advantage over their opponents who are not.

Seeman conceded that pitching is one of the teams major weaknesses this year, having lost Fred Popp through graduation. The Antioch moundmen are working hard to correct the problem, Seemann added.

The pitching staff will be led by Senior lefties Mike Gutowski and Rick Sedar. Both throw hard and are working to develop a change-up. Junior hurlers are right-handed Gary Kleen and Ron Jackson, who had fine records as Sophomores. These two are working very hard to develop a curve ball. One thing both of them have in their favor is they throw strikes. Mike Witt is a leftie, who, because of illness and basketball, is behind the others in getting his arm in shape, but shows good promise.

Antioch lost its number one catcher, Scott Vasquez, through transfer to Deerfield. Sophomore Jon Bodin was brought up, and Seemann predicts that he may turn out to be "the best catcher in the league." Backing him up will be Junior Phil Lindberg, who has good rapport with the pitchers and has the ability to see flaws in their deliveries.

Some real competition is shaping up for the infield positions. Senior Tom Warner

and Mike Gutowski (when not pitching) and junior Bob Bach could all have a chance at first base. Senior Dirk Dietz and junior Terry Lear are fighting it out for second base.

At shortstop, junior Frank Pleviak, a fine hitter and hustler, is neck and neck with senior Judd Smith, who is an excellent fielder from last year's squad.

Trying out at the hot corner will be juniors Jerry Popp and Mike Perrone.

The outfield will have speed with juniors George Pierce and Ron Sheedlo and seniors Tom Pocrnich and Rick Sedar (when not pitching).

Seemann also said that he places a lot of responsibility on managers Bill Molinarolo and Carl Teichman to keep stats, handle publicity and take care of the pitchers, in addition to their other duties.

"With 11 juniors, one sophomore and only six seniors on the squad, one would consider this a building year," Seemann said. "But with the attitude the ball players have and their ability, I feel that we can be contenders in the conference."

Besides Fred Popp, All-Conference player Tim Mieure was lost through graduation. Even so, Seemann said that the 1974 squad has better speed, both offensively and defensively, and improved hitting over last year.

If all of this fails, Seeman joked, "maybe our new uniforms will help us to become contenders!"

The season opener is Tuesday, April 9, at home, against Woodstock. Game time is 4:30 p.m.

Tom Wittum is speaker for Athletic Banquet

Tom Wittum, baseball star at Round Lake High School, baseball and football great for Northern Illinois University, and place kicker-punter for the San Francisco 49'ers, will be the featured speaker at the 33rd annual Athletic Banquet for the Antioch Community High School athletes, sponsored by the Lions Club of Antioch.

The event will be held Monday, April 8, beginning at 7:00 p.m. at the high school.

An outstanding baseball prospect who was offered a contract by the Chicago White Sox out of Round Lake High, Wittum instead went to Northern. There he handled all of the kicking chores for the Huskies during his three-year university career.

Over that period he punted 221 times for an average of 40.4 yards. In one game he punted 11 times, in three others 9 times. He also attempted 37 field goals, made 21, and converted 50 of 56 extra point attempts.

In 1973, for the 49'ers, Wittum punted 79 times for a 43.7 yard average.

Antioch Swimmers at State Meet

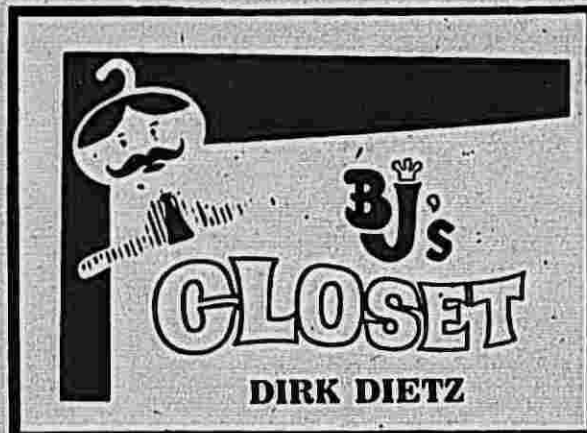

On the weekend of March 25 and 26, several Antioch swimmers and their coaches, Roy and Marty Berry attended the Illinois State Swim Meet in Peoria, Illinois. This was the highlight of the 1973-74 season for members of the Waukegan YMCA swim team.

Swimmers from Antioch were: John Schmidt who swam in the 50 yd. fly-placed 5th; 100 yd. free-placed 6th; 50 yd. free-placed 7th. Mary Ann

Cilik swam in the 200 yd. free relay-placed 11th. Eva Auxier swam in the 200 yd. freestyle relay-placed 8th. Margaret Bessette swam in the 200 yd. medley relay (breast)-placed 12th. Jody Fields swam in the 400 yd. freestyle relay and Leslie Gallagher was the alternate for the midgel 200 yd. free relay.

There were swimmers from 52 teams in this meet.
